Dear Doctor:

Idaho, as you no doubt are aware, is in the United States Death Registration Area and we are required to furnish transcripts of death certificates to the Census Bureau in Washington. In order to avoid delays in completing their statistics in Washington we are required to have these certificates as complete as possible in order to meet their requirements.

We are asking for some further information on the certificate mentioned below and enclose herewith a self-addressed penalty envelope for which no postage is required for your convenience in returning this letter with the information desired. Kindly co-operate by giving us this information as soon as possible so we will not be bothering you by writing again in reference to this certificate.

Respectfully yours,

C. K. Macey.

Special Agent, Bureau of Census.

In reference to the death certificate of:

Oscar Sam Johnston whoddied at Soda Springs, Idaho on Feb. 27, 1930
Cause of death given as "Organic Heart Disease."
Information DESIRED in order to complete certificate:

PLEASE STATE THE CAUSE FOR THE RELIEF OF WHICH THE OPERATION WAS PERFORMED.

PLEASE ANSWER BELOW:

Chronic Cystitis due to enlarged Prostrate, septic condition due to retention. Think this caused the trouble in the heart, however, I am not sure of this asI had never known himtill he came here for an operation but atthat time he hada profound Mitral Condition with all theassociated heart trouble.
